

CAPABILITY STATEMENT

SPECIALISTS IN CIVIL
INFRASTRUCTURE &
LINEMARKING SOLUTIONS

WHO WE ARE

Established in 1982, Barrier Signs Pty Ltd is a trusted Australian provider of signage and Linemarking solutions for civil infrastructure and road construction projects. With over 40 years of experience, we support councils, government authorities, civil contractors and Linemarking companies with reliable, compliant, and high-quality traffic guidance and signage solutions.

From our in-house manufacturing facility in Taree on the Mid North Coast of NSW, and backed by a team of 36 full-time professionals, we provide end-to-end capability – ensuring quality, compliance, and dependable delivery.

Barrier Signs understands the realities of civil construction. Our systems, people, and processes are built to support tight schedules, staged works, and evolving site conditions, helping our clients deliver safe, compliant outcomes without delays.

CORE CAPABILITIES - CIVIL & LINEMARKING

Design & Engineering

- Design of traffic, regulatory, and guidance signage in accordance with AS 1742, AS/NZS 1319, and TfNSW specifications.
- Interpretation of Traffic Control Plans to ensure correct sign selection, sizing, and placement.
- Engineering signage solutions for live traffic, staged works, and complex civil environments.
- Close collaboration with Linemarking contractors, project managers, engineers, and First Nations representatives.

Manufacturing Excellence

- In-house manufacture of compliant, high-durability signage for civil infrastructure and roadworks.
- Use of engineer-grade reflective materials suited to high-speed and night-time environments.
- Signage that's designed to withstand weather exposure, vehicle impact, and frequent relocation.
- Quality-controlled manufacturing processes to ensure compliance before site delivery.

COMPLIANCE & QUALITY

- Compliance with AS 1742, AS/NZS 1319, and Transport for NSW requirements.
- Strict adherence to WHS, traffic control, and site safety protocols.
- ISO 9001 Quality Management Systems.
- ISO 14001 Environmental Management Systems.
- ISO 45001 Workplace health & Safety.
- Currently undergoing accreditation for ISO 27001 Information Security Management Systems.

PROJECT EXPERIENCE

- Local and regional councils – Road signage and linemarking programs.
- Transport for NSW – Civil signage and pavement marking works.
- Civil contractors – Road upgrades, subdivisions, and intersection works.
- Commercial and industrial sites – Car parks, arehouses, and logistics facilities.

WHY CHOOSE BARRIER SIGNS

- Over 40 years supporting civil infrastructure projects across NSW.
- Integrated signage and linemarking services delivered in-house.
- Rapid turnaround capability for urgent and large-scale projects.
- Strong focus on safety, compliance, quality, and reliability.
