

CAPABILITY STATEMENT

SPECIALISTS IN ENVIRONMENTAL, WAYFINDING & REGULATORY SIGNAGE **WHO WE ARE**

Founded in 1982, Barrier Signs Pty Ltd is a trusted Australian manufacturer and installer of high-quality signage for government, environmental, and public infrastructure projects. Located in Taree on the Mid North Coast of NSW, our fully equipped modern facility houses the latest in digital printing, fabrication, and finishing technology.

With a skilled team of 40 full-time employees, we deliver end-to-end signage solutions – from design and manufacture through to installation – maintaining complete control over quality, safety, and delivery timelines. Our extensive experience includes work with National Parks, councils, wayfinding consultants, and state agencies across NSW, where precision, compliance, and environmental sensitivity are critical.

CORE CAPABILITIES - PARKS & ENVIRONMENTAL SIGNAGE

Design & Engineering

- Custom interpretive and educational signage for parks, trails, and visitor centres.
- Wayfinding and mapping signage designed for accessibility and clarity of direction and terrain types.
- Collaboration with rangers, designers, and heritage teams to reflect cultural and environmental values.

COMPLIANCE & QUALITY

- Signage compliant with NPWS, local council, and Australian Standards.
- Expertise in visitor safety, hazard warning, and regulatory signage.
- Alignment with environmental management and sustainability principles.
- ISO-aligned quality systems ensuring consistent manufacturing standards.
- ISO 9001 Quality Management System.
- ISO 14001 Environmental Management System.
- ISO 45001 Occupational Health and Safety.
- Fully Insured – Public Liability and Workers Compensation.
- Currently undergoing accreditation for ISO 27001 Information Security Management System.

Manufacturing Excellence

- Durable, weatherproof materials suited for outdoor and coastal environments.
- Sustainably sourced aluminium, timber, and composite panels.
- Anti-graffiti, UV-resistant, and corrosion-proof coatings for longevity.
- Production of 3D, engraved, or printed signs for interpretive storytelling.

Installation & Maintenance

- Experienced installers for remote, rugged, and sensitive natural sites.
- Low-impact installation methods preserving natural surrounds.
- Scheduled maintenance and replacement programs for park networks.
- Rapid response for emergency and safety signage updates.

PROJECT EXPERIENCE

- NSW National Parks & Wildlife Service – Wayfinding and interpretive signage for walking trails and visitor facilities.
- MidCoast Council – Environmental and safety signage for reserves and beaches.
- Forestry Corporation NSW – Durable regulatory and information signage for recreation areas.
- Port Macquarie Hastings Council – Coastal walk freestanding interpretive & wayfinding signs.

WHY CHOOSE BARRIER SIGNS

- Over 40 years delivering signage for public spaces and protected environments.
- In-house design, manufacturing, and installation ensures quality and accountability.
- Proven record of working within environmentally sensitive and heritage areas.
- Fast, responsive service for regional and remote locations.
