

CAPABILITY STATEMENT

TRUSTED AUSTRALIAN
SIGNAGE SPECIALISTS
ACROSS ALL SECTORS

WHO WE ARE

Established in 1982, Barrier Signs Pty Ltd is a leading Australian manufacturer and installer of high-quality signage serving government, corporate, industrial, maritime, rail, energy, commercial and environmental sectors. Located in Taree, NSW, our modern manufacturing facility is equipped with advanced digital printing, fabrication, engraving, and coating technology, enabling the production of durable, compliant signage for diverse applications.

With a skilled team of 40 full-time employees, we deliver end-to-end signage solutions—from design and engineering through to manufacture, installation, and maintenance. Our in-house production model provides complete control over quality, compliance, safety, and delivery timeframes, giving clients confidence in every project we undertake.

CORE CAPABILITIES - ACROSS ALL SECTORS

Design & Engineering

- Design of regulatory, safety, wayfinding, interpretive, and operational signage across all industry sectors.
- Collaboration with project managers, engineers, First Nations representatives, and key stakeholders.
- Development of custom mapping, public information, and environmental signage.
- Technical drawings and documentation prepared to government and industry compliance standards.

COMPLIANCE & QUALITY

- Signage produced to Australian Standards, government guidelines, and industry specifications.
- Proven experience delivering signage in harsh and high-exposure environments.
- ISO 9001 Quality Management System.
- ISO 14001 Environmental Management System.
- ISO 45001 Occupational Health and Safety.
- Currently undergoing accreditation for ISO 27001 Information Security Management System

Manufacturing Excellence

- In-house production using aluminium, stainless steel, composite, polycarbonate, and timber materials.
- UV-resistant, corrosion-proof, reflective, and anti-graffiti coatings for long-term durability.
- Digital printing, screen printing, and engraving for high-precision applications.
- Custom fabrication for complex, large-format, and sector-specific signage requirements.

Installation & Maintenance

- Experienced installation teams across maritime, energy, parks, and civil infrastructure environments.
- Capability to install signage in high-risk, remote, coastal, or restricted-access sites.
- Support for emergency and rapid-response signage upgrades.

PROJECT EXPERIENCE

- Transport for NSW – Road, rail, and maritime safety and operational signage.
- National Parks & Wildlife Service – Interpretive, environmental, and wayfinding signage.
- Local councils – Regulatory, community, beach, and recreational signage.
- Energy and utility providers – High-voltage, safety, infrastructure, and operational signage.

WHY CHOOSE BARRIER SIGNS

- Over 40 years delivering signage across Australia.
- Complete in-house manufacturing ensures quality, continuity, and reliability.
- Sector-diverse experience—rail, maritime, parks, energy, civil, and corporate.
- Proven ability to meet strict compliance, safety, and environmental requirements.
