

DON'T FORGET DIRECTIONAL ROAD SIGNS

A wide range of custom made Australian Standard signage is available, these signs comply with all Transport for NSW regulations and can be used on public access roads.

WHAT ABOUT DESIGN & PRINTING ?

Our design studio JUZVOLTER can help with that too!

We use our design expertise to ensure your brand makes a lasting impression with your audience. We can create everything from business cards, stationery, small & large scale print marketing items, commercial signage, vehicle graphics or a complete signage strategy.

HOW IMPORTANT

IS BRANDING YOUR CARAVAN PARK OR CAMPING FACILITY ?

SIGNAGE
maybe the first thing visitors see when holidaying in your area.

MEMORABLE SIGNAGE
could be the reason visitors return!

For a comprehensive range of signage products & hardware visit our website: barriersigns.com.au
15-19 Grey Gum Road Taree NSW 2430

HOW WE CAN HELP Brand consistency can be easily overlooked when signage is concerned and sometimes the quickest and cheapest option isn't always the best. Barrier Signs can produce a wide range of products and signage from simple prohibition signs to a comprehensive signage suite that can give your business the edge over your competitors.

TIONA HOLIDAY PARK BEACH ACCESS

Welcome to Seven Mile Beach - please note that this is an unpatrolled beach.

Please be very cautious of the open water and big surf - like so many beaches in Australia, Seven Mile Beach is prone to gutters and rips. Do not swim alone and if caught in a rip do not fight it - let it take you out, stay afloat and attract attention. If you are confident, swim parallel to the beach - often this is towards breaking waves, which can assist you back to shore. If you are not confident - do not go in.

Please note that the areas to the north and south of the park are National Park. Please keep dogs to within 100m of this beach entry, and do not allow dogs to interact with wildlife.

Endangered shore birds including the Pied Oyster-Catcher roost, feed and nest along this stretch of beach. The scent and sight of dogs interrupts the regular feeding and nesting habits, further endangering these species.

Dogs are NOT permitted on this beach, including in vehicles. If you are caught in breach of this by National Parks or associated agencies, it is a minimum \$300 fine. Dogs are permitted at Patches Beach, a 12km drive to the south via the main road.

If you see any wildlife in distress while visiting the beach, please contact Australia Seabird Rescue or National Parks.
